

Washroom Policy

The Original Eumundi Markets

Effective Date: 1st July 2023

Introduction:

The following policy outlines the guidelines and expectations for the use of the washroom facility provided by The Original Eumundi Markets (OEM) for food stallholders. It is essential to maintain cleanliness, preserve the integrity of the room, and ensure a safe and hygienic environment for all users. Please familiarise yourself with the terms and conditions outlined below.

Purpose and Usage:

The washroom facility is intended solely for business purposes and should be used exclusively for tasks related to food preparation, cleaning, and personal hygiene required for operating a food stall at OEM. Any unauthorised use of the washroom is strictly prohibited.

Cleanliness and Maintenance:

- a. Stallholders must maintain the cleanliness and tidiness of the washroom area during and after use. Proper hygiene practices, including handwashing and waste disposal, must be followed.
- b. Any damages caused to the washroom facility, fixtures, or equipment by stallholders will be their responsibility. Stallholders found at fault for causing damage will be required to pay for the necessary repairs or replacement.

Drainage System:

To prevent blockages and maintain proper functioning, stallholders must not dispose of any oil, grease, food scraps, or other materials that could potentially clog the drainage system. Please use designated disposal methods or receptacles for such waste.

CCTV Monitoring:

For security and accountability purposes, the washroom facility is monitored by closed-circuit television (CCTV) surveillance. Stallholders should be aware that their activities within the washroom area may be recorded.

Withdrawal of Washroom Access:

OEM reserves the right to withdraw or suspend the right to access the washroom facility at any time and without prior notice. This may occur in cases of non-compliance with this policy, misuse of the facility, or any other reasons deemed necessary by OEM.

Key System:

- a. Access to the washroom facility is controlled through a key system. Stallholders can collect the key from the OEM office during designated hours.
- b. The key must be returned immediately after use. Failure to return the key promptly may result in a temporary suspension of washroom access privileges.

Fees applicable:

Misuse Fee: \$100.00

Additional damages fee payable by the stallholder at the discretion of OEM management.

Conclusion:

By using the washroom facility provided by OEM, stallholders agree to adhere to the terms and conditions outlined in this policy. Compliance with these guidelines ensures a clean, safe, and efficient environment for all users. Should you have any questions or require further clarification, please contact the OEM office.

Thank you for your cooperation in maintaining a high standard of cleanliness and professionalism within the washroom facility.

Sincerely,

Alori Gapes

General Manager
